## **Solos / Duets / Trios**

As always we will be offering our dancers the opportunity to participate in Solos/Duets/Trios for the 2017-2018 Competition Season. Dancers will be entered into categories which are appropriate for their age and skill level. Any current student in second grade or older is eligible to participate. Students can request who they would like to dance with and which style of dance, but all must be approved by the instructor and is subject to change. Students do not need to perform with only other girls from the same dance classes or age. A duet or trio can be comprised of students of different ages (friends, sibling, etc.).

**Please note that any dancer wishing to participate in a competition solo/duet/trio dance must be enrolled in the appropriate dance class throughout the year that is the same style as their routine. It is highly recommended that they also be registered in the Jumps, Leaps & Turns technique class throughout the dance year.**

If you are interested, please register by June 1<sup>st</sup>. Below is a breakdown of the cost and what is involved. Solos, Duets and Trios require a great deal of work for the instructor, as we need to select music, costumes, and prepare choreography ahead of time, so that the dances can be learned within a short period of time. In addition to the fee below, please be aware that there will be additional competition entry fees. Competition entry fees are approximately \$100 extra per solo and approximately \$60 extra per duet/trio per competition. Costume fees should be minimal as we will have the option to reuse some of our old costumes or piece together a new one. These routines are for competition only and will not be performed at the recital.

**\$125 per student / per routine**  
**Payment is due by the first class**

- (6) 45 minute classes over the summer to learn the routine
- Additional rehearsals will be scheduled during the dance year to review and perfect the dance before the competition.
- We will work together to come up with an agreeable rehearsal schedule for the summer that works best for everyone.

We are hoping that some of our dancers will take advantage of this fun opportunity.
